

PUBLIC NOTICE OF PROPOSED ACTION

The Administrator of the Nevada Division of Environmental Protection is issuing this Notice of Proposed Action under the Nevada Revised Statutes. The Administrator has received a complete application for renewal of Water Pollution Control Discharge Permit # NEV92028 from the following applicant:

Reno Drain Oil Service
11970 I-80 East
Sparks NV 89434

Reno Drain Oil Service is located in Washoe County in the foothills of the Pah Rah Range, north of the Truckee River and Interstate 80, near the Mustang exit. The company collects used automotive oil from shops in the area and processes it into a fuel product for sale. Waste oil is typically about 10% water, and the permit is for treatment of the water, with subsequent use for dust control at an adjacent location, Lockwood Landfill, and general construction sites.

The Administrator has made a determination to propose renewal of the permit. Persons wishing to comment upon or object to the proposed determination, or request a hearing pursuant to the water pollution control provisions of the Nevada Administrative Code, should submit their comments or request in writing, within thirty (30) days of the date of newspaper publication either in person or by mail to:

Nevada Division of Environmental Protection
Bureau of Water Pollution Control
333 West Nye Lane
Carson City, Nevada 89706-0851

The end of the comment period and deadline for receipt of all comments or requests in this office is 5:00 P.M. on Friday June 25, 2004. Mail postmarked with that date will also be accepted. Hearing requests must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time. The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by calling Robert J. Saunders, Bureau of Water Pollution Control at (775)687-9437 (email: rsaunder@ndep.nv.gov). In addition, the fact sheet and proposed permit are posted at <http://ndep.nv.gov/admin/public.htm>. The office fax number is (775)687-4684.
